

How to Login on Mobile devices

(once 2-Step Verification has been set up on your computer)

Contents:

Contents

For iPhone users:	1
For Samsung users:	3

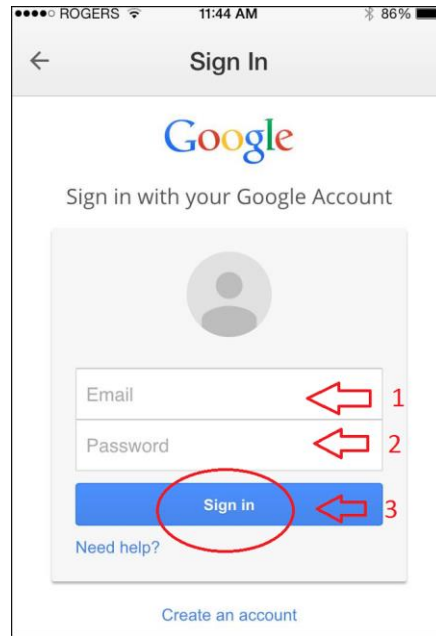

Google and all other Android phones require only a code received via text or voice message.

For iPhone users:

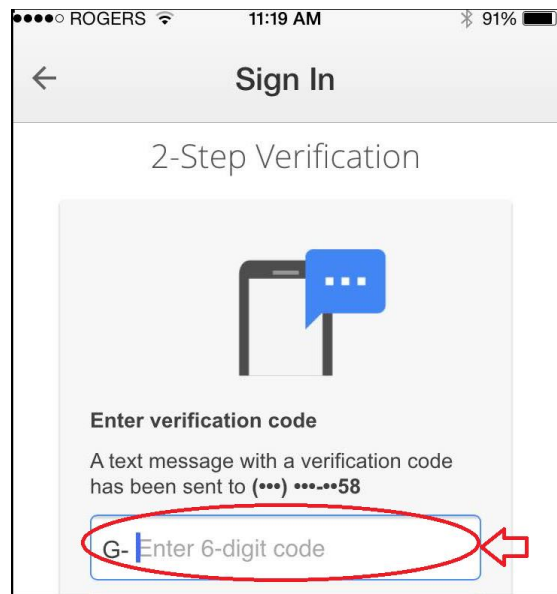

1. Click on the Gmail icon

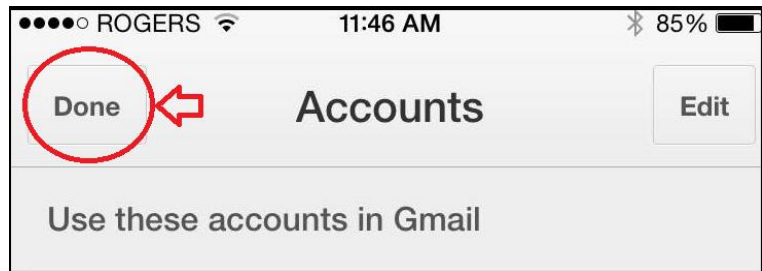

2. Enter your email address and password

3. Enter the verification code you received on mobile device

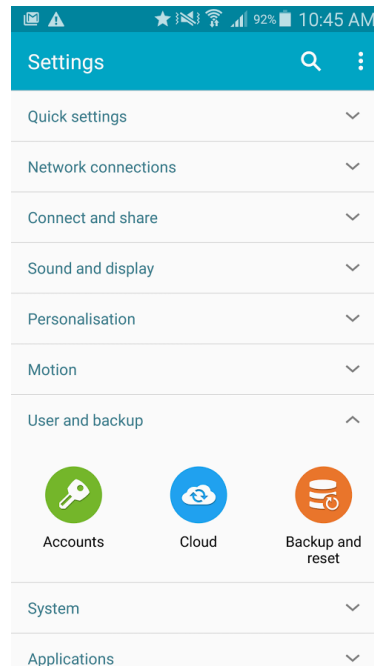

4. Click “Done”

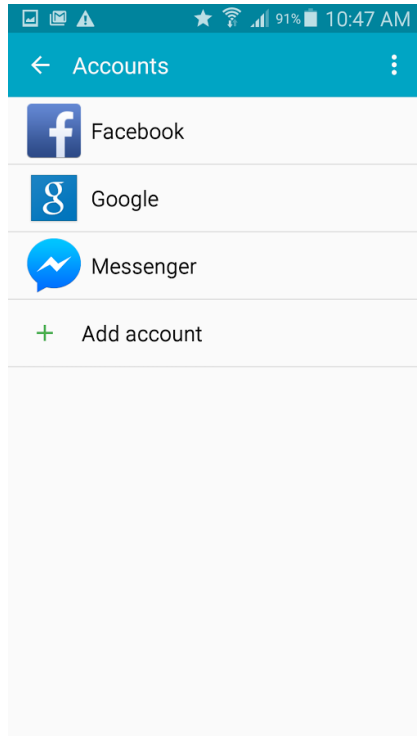

For Samsung users:

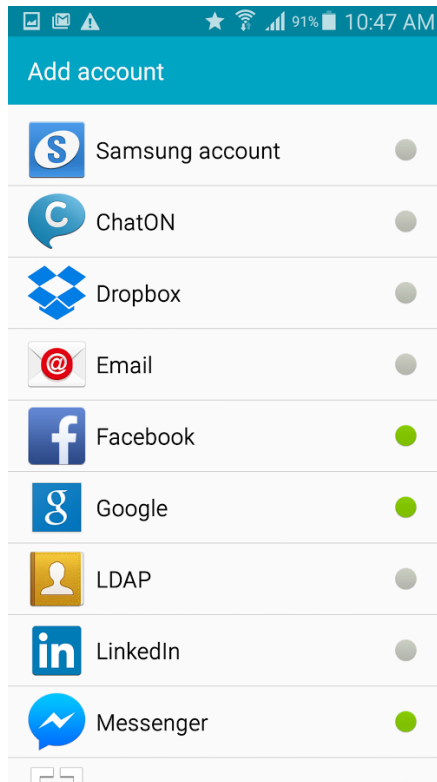

1. click on settings (gear icon)
2. Click on User and Backup, then pick accounts (green key)

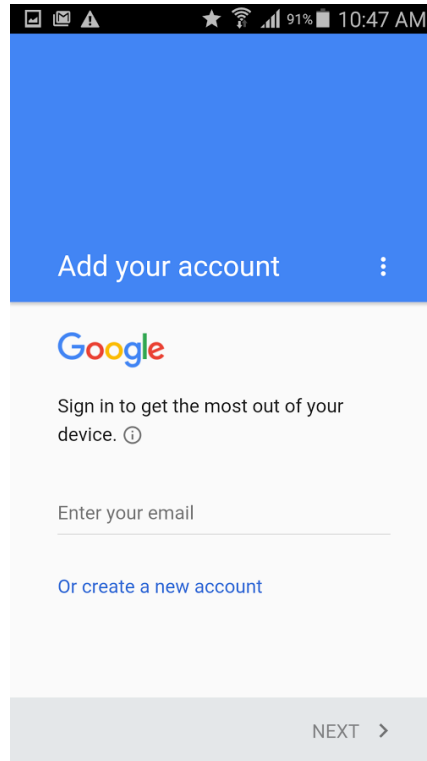

3. Click on Add Account

4. Click Google

5. enter your email address

6. Click accept
